

Title: Enter Location

As a hiker, I want to enter a location and receive the weather for the next 7 days so that I can plan my trip accordingly.

Title: Hourly Breakdown

As a hiker, I want to see an hourly breakdown of the weather so that I can determine when the best time to hike would be.

Title: Severe Weather Warnings

As a hiker, I want notifications for severe weather warnings in my area so that I can change my plans if there is a storm coming.

Title: Local Weather Trends

As a commuter, I want to track local weather trends so I can be prepared if it changes.

Title: Radar View

As a commuter, I want to see a radar view of a certain area so I can see if a storm will hit.

Title: Save Locations

As a commuter, I want to be able to save locations so I can easily see the weather there.

Title: Weekly Forecast

As a commuter, I want to be able to have a weather forecast for the upcoming week so I can plan my drive with the weather.

Title: Monthly Forecast

As a farmer, I want to have a weather forecast for the upcoming month so I can plan what to do with my crops.
